Our Website is up and running. Please visit us.

Srs. Christine, Pia, Mary Michael, Marie, Fr. James Aquinas & Mary of the Sacred Heart

Greetings to our families and friends! We wish to thank you all who generously contributed to our renovation. The Chapel is beautiful with its gilt edging in silver and gold. We were able to have the original wooden floor repaired or replaced where needed and the Sacristy also. Our founding sisters' foot and kneel prints disappeared in the process...The lighting was also replaced or repaired. We had

an overflow crowd of worshippers before our Jesus. Our Dominicans and two Deacons from the city celebrated the Liturgy; Father John Hoang, OP and Deacon Isaac Morales, OP and Deacons John Flannery and Tom Tortoriello. Refreshments followed a beautiful day with families, friends and benefactors. We encourage you all to make a point to join us next year. We want to meet you all and thank you for your prayers and support. A heroic effort was made **by a few** to clear out the **poison ivy** from our backyard. They can attest to this by a few weeks of intense itching and oozing! But now the flowers have taken back their territory! We realize it still "lurks" beneath ...but next year...

We have been wishing for a small van and a generous benefactor with the help of our friend, Freddy, who has provided it.

At our request, Sr. Mary of the Sacred Heart from our West Springfield house in MA stayed a few days praying with us and repairing our crucifix and some statues. She was a joy to have around the house and her work is very good!

We are all interconnected in one single life enlivening all the different limbs and holding them together in unity – this is the basis for indulgences, the treasure which the saints share in Christ with the whole Body of Christ, which is you!

Each saint shows a unique facet of God's reflection. We pray during this special time with our favorite saints and join prayers for the Holy Souls in Purgatory, as they pray for us. In the Diary of St. Faustina, she tells how Our Lady visits the Holy Souls. They call her the "star of the sea" and she brings refreshments. They told her their greatest torment is longing for God!

With love, Your Dominican sisters
