Dear Families and Friends

Happy Lent to you all as we anticipate a beautiful Spring and Easter! We are all still well and appreciating our combined Choirs since our Lancaster Sisters joined us. We are still on lockdown with limited visits. Be assured that our "thank you list" has grown to include some new benefactors which our sisters brought with them.

We write early to ask that you beseech Mary Mother of God to intercede for the people of the Ukraine. We have included a letter to President Putin, which you may send directly to him, if you so desire. It was translated in to Russian with the help of Fr Frank Sutman, a Dominican priest. President Putin's address is: President Vladimir Putin 4, Staraya Square Moscow Russia 103132. Of course this is only if you wish to send the letter but it seems only Divine intervention can help the Ukrainian people.

Dear President Putin
PLEASE withdraw your troops from the Ukraine. How can a country be independent when anyone can walk in and takeover? (As you say you want them to remain independent) An independent country votes and governs by its own laws. Many Russian people live all over the world, abiding by the laws of the country they live in. War serves no real purpose and leaves loss, misery and devastation on both sides.

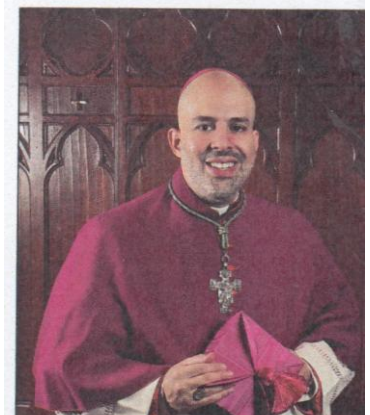

I'm sure many good Russian people have lived for years in the Ukraine. Do you want to be remembered as an evil person or one that lived righteously? I'm concerned for your soul Vladimir. The Holy Mother of God, patroness of Russia, loves you and wants the best for you. Believers and unbelievers all face the same judgement some day. We pray that the Mother of God will strengthen the faith of the Russian and Ukrainian people and protect them always.

Уважаемый Президент Путин
PLEASE выведите свои войска из Украины. Как страна может быть независимой, когда любой может войти и захватить власть? (Как вы говорите, вы хотите, чтобы они оставались независимыми) Независимая страна голосует и управляет своими собственными законами. Многие русские люди живут по всему миру, соблюдая законы страны, в которой они живут. Война не

Я уверен, что многие хорошие русские люди годами жили на Украине. Вы хотите, чтобы вас помнили как злого человека или того, кто жил праведно? Я переживаю за твою душу Владимира. Пресвятая Богородица, покровительница России, любит вас и желает вам лучшего. Верующие и неверующие когда-нибудь предстанут перед одним и тем же судом. Мы молимся, чтобы Божия Матерь укрепила веру русского и украинского народов и всегда защищала их.
